

***MCCEA and NJEA PRESENT:***

***Brain-Compatible Learning  
Workshop***

**Brain-Compatible Learning :** The brain compatible learning workshop enables participants to:

- a) understand the latest developments and findings from brain research;**
- b) discuss how these findings may enhance educational curriculum and instruction; and**
- c) explore memory systems and problem solving strategies.**

Discussion will be followed by a question and answer period.

**Date: October 27, 2008**

**Time: 4:30 – 6:30**

**Location: Hilton Garden, Rockaway, NJ**

***Prior registration is required. Please call the MCCEA office at 973 366-0202 by Oct. 20 to hold your seat!***
